Instructions for Federal Financial Aid Executive MBA Program

Federal Direct Stafford Loan Program

This federal loan program offers low-interest loans to students for post-secondary educational expenses. The interest rate is fixed, set annually in July and is capped at 8.25%. The interest rate is fixed at 6.80% until 6/30/10. An origination fee of 1.5% will be deducted prior to disbursement but the borrower will be given an upfront rebate of with 1.0% and retains the rebate by making the first 12 monthly payments on time. Repayment begins six months after a student graduates or ceases to be enrolled at least half-time (6 credits per semester). The maximum loan limit is \$10,250 per semester.

Subsidized Direct Loan is one in which the government will make interest payments for students while they are enrolled at least half-time until they begin repayment. The maximum subsidized loan limit is \$8,500 per academic year based on students' financial need on the FAFSA.

Unsubsidized Direct Loan is one in which the government will not make any interest payments so interest accrues after loan disbursement and may be paid by students while in school or deferred until repayment.
